Previous and current funding

DAAD EULiST CONNECT funding is intended to support the objectives of the DAAD EUN programme.
Please check the objectives that apply to your mobility:

1. the European university networks are expanded in the areas of teaching, research, administration and third mission.

2. the European dimension of German universities in multilateral European networks is strengthened.

3. the participating universities are able to offer high-quality study and qualification programmes with a digital component on the basis of an inter-university European campus.

4. the recognition of credits earned during stays abroad is facilitated and the recognition processes are optimised.

5. students, academics and administrative staff acquire intercultural competences by increasing their mobility abroad.

6. the participating universities sharpen their profile through multilingualism.

7. information and counselling services at German universities are expanded.

8. the research and innovative strength of the participating German universities is strengthened.

9. the reputation of the participating German universities in the European Higher Education Area and beyond is strengthened.
